User-friendly Machines

15 years laser cutting & welding
machine specialist chosen by
Denso, Valeo, IKEA, BYD
supplier chain

**Small diameter tube
precision laser cutting machine**

Model No.	ST-FL40F
Cutting diameter	2-24mm / Up to 17*17mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	2400*1500*1900mm
Weight	1.5 Tons

**Fast automatic round/square/oval
tube fiber laser cut off machine**

Model No.	ST-FL70F
Cutting diameter	8-65mm / Up to 45*45mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	8700*1800*1900mm
Weight	2.5 Tons

**Fast automatic round & square
tube fiber laser cut off machine**

Model No.	ST-FL70F(B)
Cutting diameter	15-65mm / Up to 45*45mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	4000-6200mm
Length*Width*Height	8438*1550*1680mm
Weight	2.5 Tons

**Standard version automatic
round pipe laser cut off machine**

Model No.	ST-FL120F
Cutting diameter	16-115mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	8400*1800*1900mm
Weight	3 Tons

StevIS Tech. Co., Ltd.

**ADD: No.115, Zhangcha 1st road,
Zhangcha, Chancheng, Foshan,
Guangdong, China.**

User-friendly Machines

15 years laser cutting & welding machine specialist chosen by Denso, Valeo, IKEA, BYD supplier chain

Online laser cutting machine for steel tube mills

Model No.	ST-OL220
Laser power	1000-3000W
Cutting diameter	60-220mm(Standard)
Cutting length	Minimum 100mm
Speed of tube mills	Maximum 50 m/min
Cutting material	Stainless steel/Mild steel
Length*Width*Height	3840*1795*1890mm
Weight	3.5 Tons

High speed metal pipe laser cutting machine

Model No.	ST-TP120
Cutting diameter	8-120mm / Up to 84*84mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	9500*1600*2200mm
Weight	5 Tons

*Cutting speed 30% faster than universal tube laser cutting machine
*Optional automatic loading system

Universal fiber laser tube and profile cutting machine

Model No.	ST-TP160/220/350/450
Cutting diameter	15-159/15-219 25-350/50-500mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	11000*2200*2300mm
Weight	5-10 Tons

*Optional automatic loading system
*Optional chuck Maximum diameter 500mm

Three-chuck zero tailing pipe fiber laser cutting machine

Model No.	ST-FL350F/450F
Cutting diameter	25-350/50-500mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6-12 meters
Length*Width*Height	18000*5000*2800mm
Weight	15 Tons

*Optional chuck Maximum diameter 500mm
*Optional automatic loading and unloading system

Fiber laser cutting machine for elbow pipe fittings

Model No.	ST-EL40/70/120
Laser power	1000-3000W
Cutting diameter	15-120mm(Standard)
Cutting length	Maximum 640mm
Cutting accuracy	±0.05mm
Cutting material	SS/CS/AL/Brass/Copper
Length*Width*Height	3040*1450*1990mm
Weight	3 Tons

Fast speed automatic fiber laser tube cutting machine

Model No.	ST-FL80F
Cutting diameter	6-85mm / Up to 60*60mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	8500*1800*1800mm
Weight	4 Tons

*Cutting speed is 30% faster than universal tube laser cutting machines
*Optional bevel fiber laser cutting version

Short tail material automatic tube laser cutting machine

Model No.	ST-TP120E/160E/220E
Cutting diameter	10-120/15-159/15-219mm
Length of tailing	50mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters (Standard)
Length*Width*Height	9600*3200*1900mm
Weight	4-8 Tons

*Cutting speed is 30% faster than universal tube laser cutting machines
*Optional automatic loading system
*Optional bevel fiber laser cutting version

High speed tube laser cutting machine (Free drawing)

Model No.	ST-TP120(B)
Cutting diameter	10-120mm
Cutting material	SS/CS/AL/Brass/Copper
Pipe length	6.2 meters(Standard)
Weight	4 Tons

Steel coil fiber laser cutting machine

Model No.	ST-PL3015/4015/4020/ 6015/6020/6025(B)
Laser power	3000-6000W
Cutting material	SS/CS/AL/Brass/Copper
Sheet metal size	3000*1500/4000*1500/ 4000*2000/6000*1500/ 6000*2000/6000*2500mm
Weight	3.5-12 Tons

15 years laser cutting & welding
machine specialist chosen by
Denso, Valeo, IKEA, BYD
supplier chain

Sheet metal fiber laser cutting machine

Model No.	ST-PL3015/4015/4020/ 6015/6020/6025
Laser power	1000-20000W
Cutting material	SS/CS/AL/Brass/Copper
Sheet metal size	3000*1500/4000*1500/ 4000*2000/6000*1500/ 6000*2000/6000*2500mm
Weight	2-10 Tons

Sheet metal and pipe fiber laser cutting machine

Model No.	ST-PP3015/4015/4020/ 6015/6020/6025
Laser power	3000-6000W
Cutting material	SS/CS/AL/Brass/Copper
Sheet metal size	3000*1500/4000*1500/ 4000*2000/6000*1500/ 6000*2000/6000*2500mm
Pipe size	20-400mm, 6m length

Gantry type sheet metal fiber laser cutting machine

Model No.	ST-PL6025/8025/ 10025/12025
Laser power	6000-30000W
Cutting material	Carbon steel
Sheet metal size	6000*2500/8000*2500/ 10000*2500/ 12000*2500mm
Weight	5-20 Tons

**Handheld fiber
laser welding machine**

Model No.	ST-HLW
Laser power	1000-3000W
Welding material	SS/CS/Aluminum
Welding thickness	0.5-4mm (Steel)
Welding thickness	0.5-3.5mm (Aluminum)

**Industrial 6-axis
CO2/fiber laser welding robot**

Model No.	ST-RLW
Arm length	1440/1720mm (Standard)
Welding material	SS/CS/AL/iron
Welding thickness	0.5-4mm (Steel)
Welding thickness	0.5-3.5mm (Aluminum)
Weight	3.5 Tons (Full set)

**Customized design
automatic laser welding machine**

Model No.	ST-ALW
Welding range	500*400*300-800*400*300mm
Welding material	SS/CS/AL/iron
Laser power	1000-2000W
Welding thickness	0.5-4mm (Steel)
Welding thickness	0.5-3.5mm (Aluminum)

**Online fiber laser
welding machine for tube mills**

Model No.	ST-OLW
Laser power	3000-12000W
Welding thickness	0.7-3mm
Speed of tube mills	Maximum 30 meters/min
Welding type	Continuous / Pulse welding

Handheld laser cleaning machine

Model No.	ST-HLC
Laser power	1500 / 2000W
Laser cleaning head	SUPER
Length*Width*Height	985*395*800 mm
Weight	0.13 Ton

Desktop CO2/fiber laser
marking machine

Model No.	ST-LM
Marking range	50*50-200*200 mm
Marking speed	600 standard characters / s
Laser power	3-100W
Minimum character	0.15 mm

We also supply spare parts and
auxiliary equipment for
laser machines

Including: Fiber laser source, water chiller,
air compressor, dust collector,
fiber laser head, nozzle of laser head,
laser lens, laser safety goggles,
stabilizer and transformer, etc.

**Semi-automatic pipe/rod
circular saw cutting machine**

Model No.	ST-CS315M/425M
Max. Cutting diameter	150mm (Round pipe)
Max. Cutting diameter	50 mm(Solid rod)
Cutting material	Stainless steel/Mild steel
Saw blade size	300-450 mm HSS saw
Length*Width*Height	1500*1000*2000 mm

SteviS
User-friendly Machines

**15 years laser cutting & welding
machine specialist chosen by
Denso, Valeo, IKEA, BYD
supplier chain**

**CNC circular saw pipes
and rods cutting machine**

Model No.	ST-CS355H/425H
Saw blade size	300-450 mm HSS saw
Cutting diameter	10-150mm (Round pipe)
Cutting material	Stainless steel/Mild steel
Length*Width*Height	2800*1100*1950mm
Weight	1.5 Tons

*Can cut multiple pieces of pipes in 1 time
*Optional 45 degrees angle cutting

**Small diameter tubes and rods
circular saw cutting machine**

Model No.	ST-CS330H
Cutting diameter	1-60 mm
Cutting length	3-400 mm
Cutting material	SS/MS/AL/Brass/Copper
Length*Width*Height	1120*820*770mm

**Double head metal pipe / rod
circular saw cutting machine**

Model No.	ST-CS425HT
Cutting diameter	120 mm / 110*110 mm
Cutting material	Stainless steel/Mild steel
Cutting length	500-2,500 mm
Length*Width*Height	3700*1000*2000mm

Semi-automatic aluminum pipe profile cutting machine

Model No.	ST-CS315M(AL)
Cutting size	Maximum 250*120 mm
Cutting material	Aluminum/Brass/Copper
Saw blade size	Alloy circular saw
Length*Width*Height	960*750*1160 mm
Weight	0.3 Tons

SteviS
User-friendly Machines

15 years laser cutting & welding machine specialist chosen by Denso, Valeo, IKEA, BYD supplier chain

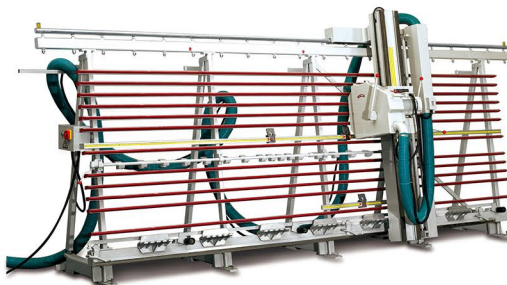

CNC circular saw aluminum pipe profile cutting machine

Model No.	ST-CS425H(AL)
Cutting size	Maximum 355*150mm
Cutting material	Aluminum/Aluminum alloy
Cutting length	5-1000mm (Standard)
Length*Width*Height	2800*1400*1400mm
Weight	1.5 Tons

CNC double head aluminum pipe profile circular saw cutting machine

Model No.	ST-CS425HT(AL)
Cutting length	Maximum 4,500 mm
Cutting angle	90° / 45°
Cutting material	Aluminum/Brass/Copper
Length*Width*Height	6200*1600*1700mm

CNC aluminum composite panel grooving cutting machine

Model No.	ST-CS300M(AL)
Cutting size	Maximum 4100*1600mm
Saw blade size	Alloy circular saw
Length*Width*Height	5370*1300*2480 mm
Weight	1.6 Tons

Single end pipe / rod
chamfering machine

Model No.	ST-80CAC / 150CAC
Processing diameter(Pipe)	6-80 mm / 8-120 mm
Processing diameter(Rod)	2-25 mm / 5-35 mm
Chamfering material	SS/MS/AL/Brass/Copper
Processing length	Minimum 35 mm
Length*Width*Height	1000*1400*1400 mm

SteviS
User-friendly Machines

15 years laser cutting & welding
machine specialist chosen by
Denso, Valeo, IKEA, BYD
supplier chain

Standard double end pipe /
rod chamfering machine

Model No.	ST-80CSM (Standard)
Processing speed	3-5 seconds / piece
Chamfering diameter	8-80 mm (Standard)
Cutting material	SS/MS/AL/Brass/Copper
Length*Width*Height	1800*1100*1150mm
Accuracy	±0.1 mm

*Standard processing length: 100-600 mm (Can be customized)

Automatic metal pipe / rod
double end chamfering machine

Model No.	ST-80CFA (Standard)
Chamfering diameter	8-80 mm (Standard)
Processing length	20-180 mm (Standard)
Cutting material	SS/MS/AL/Brass/Copper
Length*Width*Height	1400*1250*1500mm

Small metal tube / rod
double end chamfering machine

Model No.	ST-30CFA
Chamfering diameter	2-30 mm
Accuracy	±0.05 mm
Processing length	50-150 mm
Length*Width*Height	1100*1000*1400mm

SteviS User-friendly Machines

15 years laser cutting & welding
machine specialist chosen by
Denso, Valeo, IKEA, BYD
supplier chain

Multiple size Automatic
Press brake center

Model No.	ST-MAP
Bending length	1000-2500 mm
Max. thickness	1.2mm(SS)/1.5mm(CS)
Max. bending speed	0.5 s/time
Weight	6-18 tons

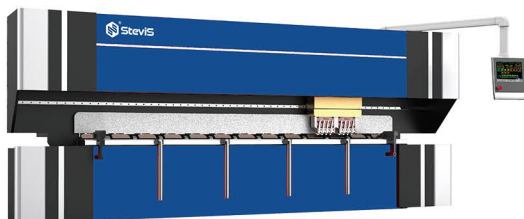

Electric Hydraulic Press brake machine

Model No.	ST-EHP
Bending length	1200-3100 mm
Nominal pressure	35-100 Tons
Bending speed	10 mm/s
Weight	2.2-6 Tons

Oil-Electric hybrid Press brake machine

Model No.	ST-OEP
Bending length	1600-6000 mm
Nominal pressure	50-400 Tons
Bending speed	7-10 mm/s
Weight	3.8-39 Tons

Automatic metal V-grooving machine

Model No.	ST-BCP(B)
Processing length	3200-6200 mm
Processing width	10-1600 mm
Processing thickness	0.5-6 mm
Min. edge distance	8 mm
